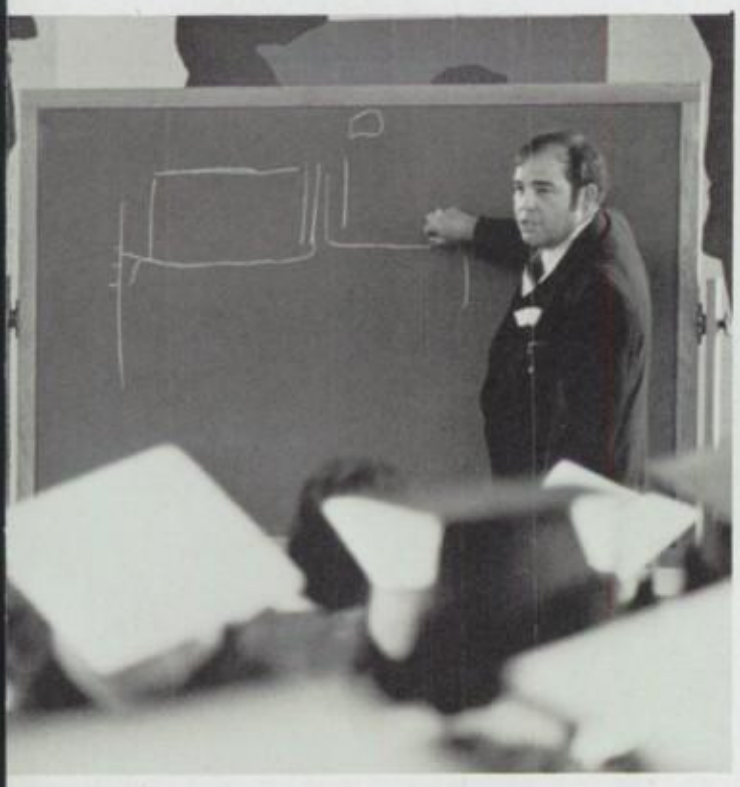
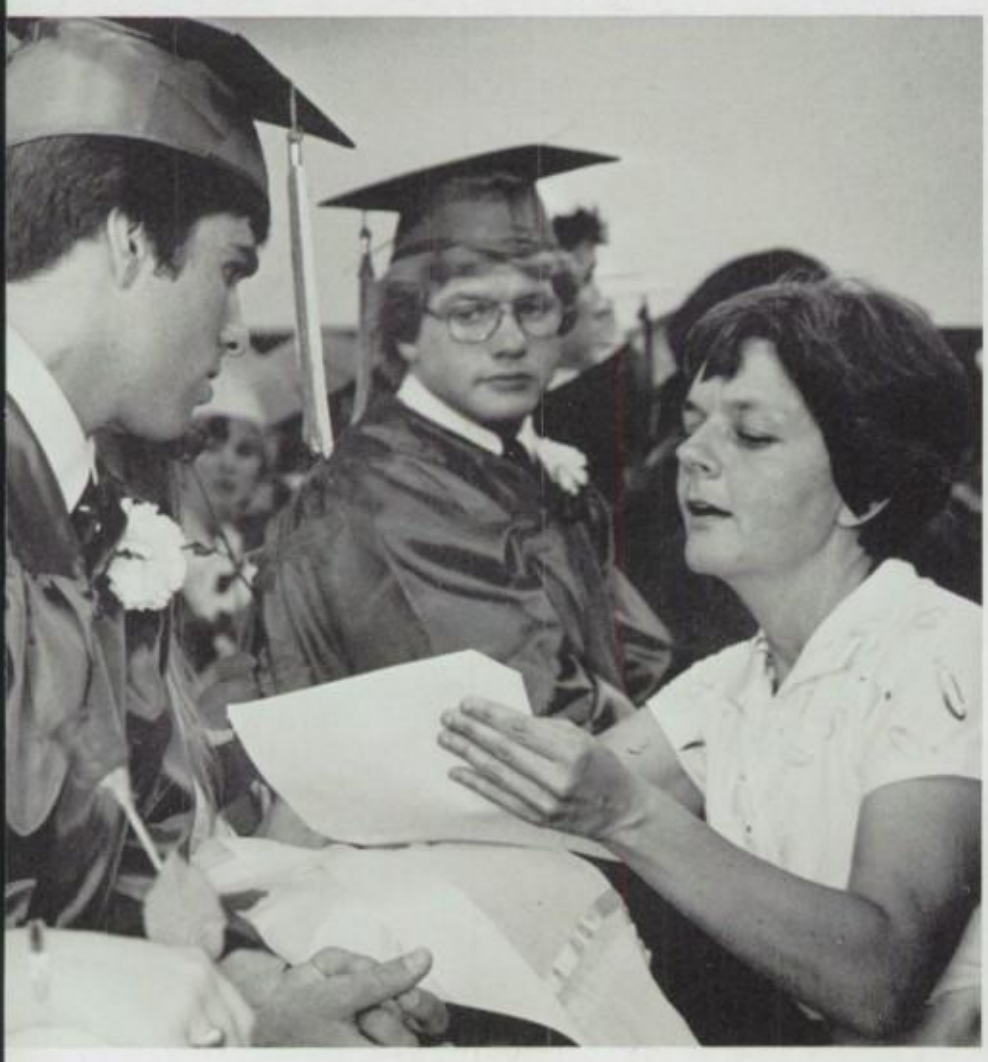
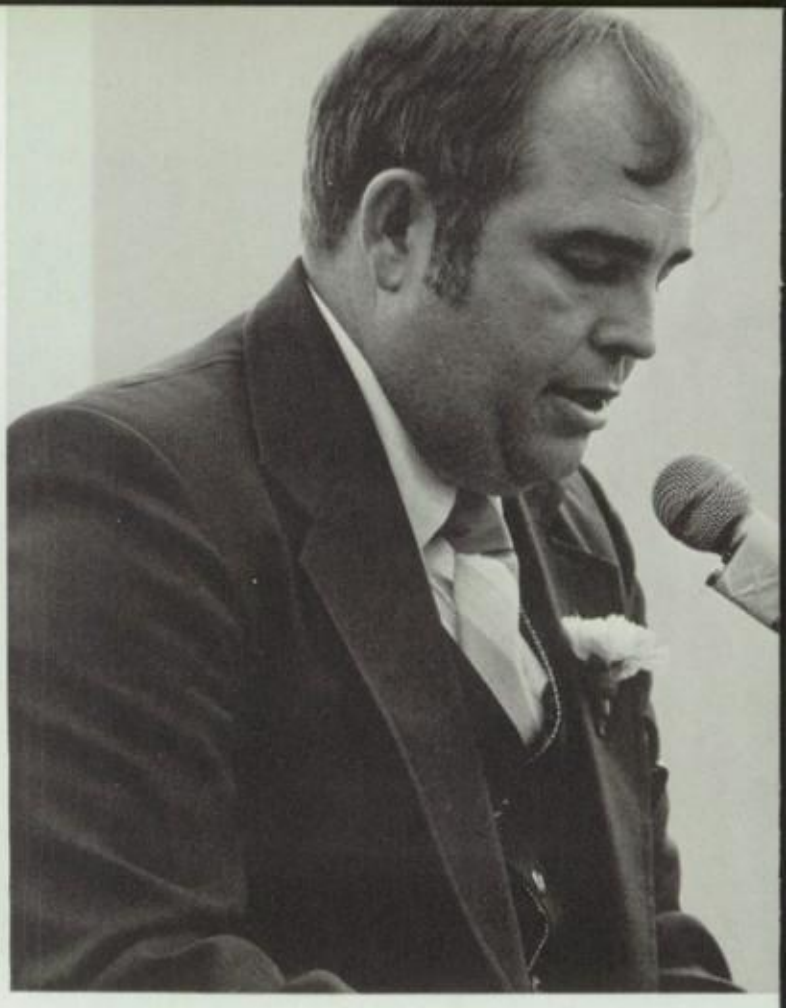
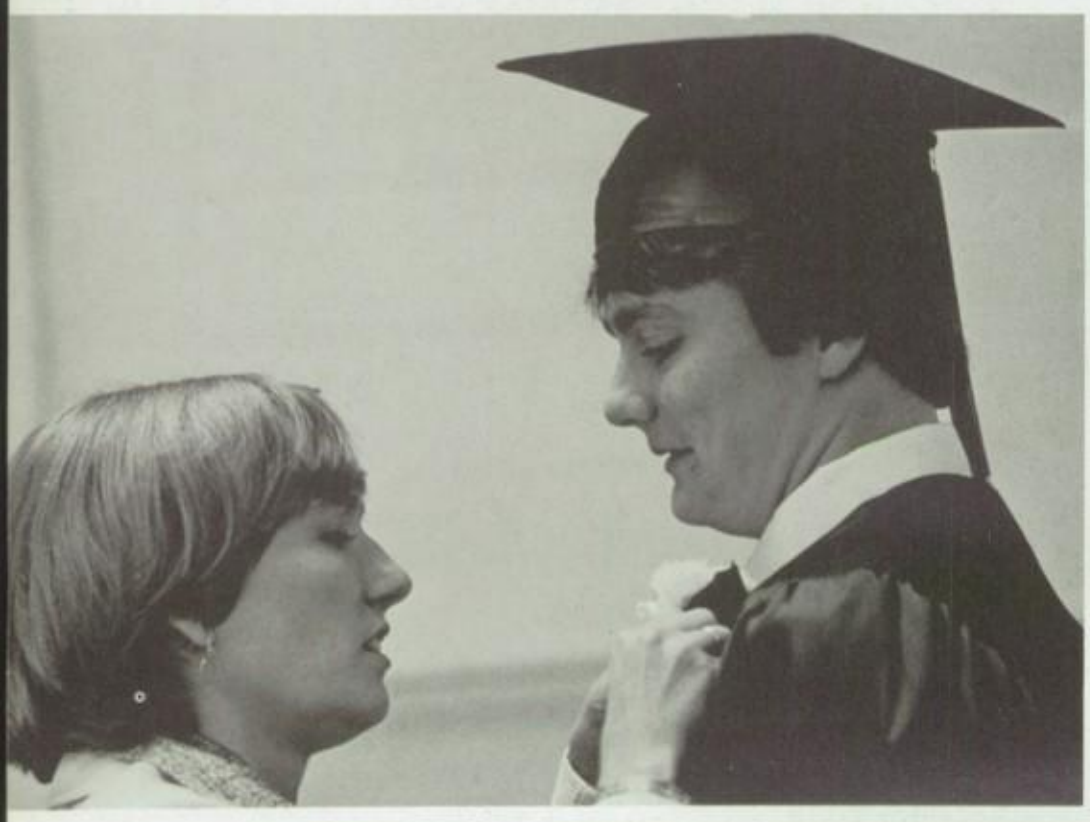
Graduation 1980

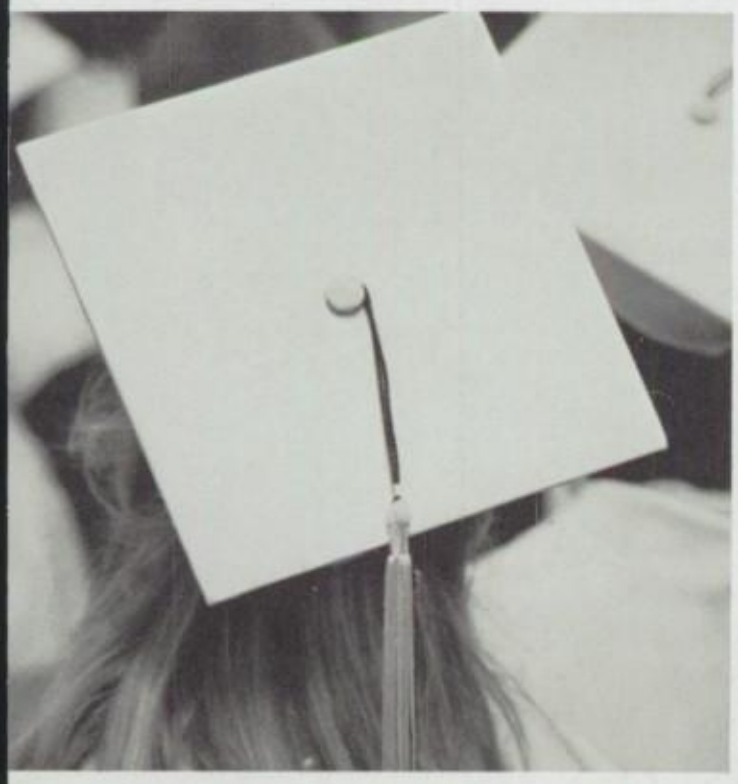
At the end of the school year, commencement ceremonies remind us of all the experiences, emotions, and excitement we have shared. On the day of graduation, however, we find ourselves full of laughter, dreams, and visions of the future. Now we realize that each of us always will remember Madeira High School, because these four years of growing, learning and discovering have shaped our destinies.











Each of us is a reflection
Of unique moments and memories
Gathered together,
To be preserved forever,
In a new decade.
